Fimpark Pty Ltd T/A Keys Bros Removals & Storage offer two options
"A" or "B" for you to declare the value of your goods.

Option A - Keys-Easy Valuation

Name: _____ Date: ____/____/____ Quote No. _____

Select your required cover:

Periods Covered	Risks Covered	Basis of Settlement	Mode of Transport
Transit <input type="checkbox"/>	Full Cover <input checked="" type="checkbox"/>	Replacement Cost <input checked="" type="checkbox"/>	Air <input type="checkbox"/>
Transit & Storage extension <input type="checkbox"/>			Sea <input type="checkbox"/>
			Road <input type="checkbox"/>

This easy Option allows you to insure your household goods and personal effects for their replacement value without individually listing the items other than those items that fall into the "Valuables Clause" category. You simply multiply the total cubic metres of your consignment by the minimum average cubic metre value of A\$2,200 for consignments within Australia or A\$3,000 for Overseas consignments. In Addition to this, you must list any items valued over A\$1,000 specified in the Valuables Clause which is then added to the cubic metre value sum to arrive at the total declared value. Your Removals consultant will advise you of the cubic metre measurement of your consignment.

It is very important that you carefully consider whether the minimum cubic metre values specified are sufficient for your needs. If the nominated amounts are insufficient, please amend with the value that suits your needs and then calculate the declared value of your consignment using your revised amount.

Please note that under this option, vehicles, caravans, boats, trailers, computers, computer accessories and clothing can only be insured for their market value as detailed in the policy wording. Vehicles, caravans, boats and trailers must also be specifically declared and valued on the declaration.

Under the **Keys-Easy Valuation** Option, your policy is automatically extended to cover the additional benefits of Pairs & Sets, Mechanical, Electrical or Electronic Derangement and Atmospheric or Climatic Conditions. In respect to the Mechanical, Electrical or Electronic Derangement extension this ONLY applies to items less than 10 years old and in working order. Items more than 10 years old can only be insured for their market value.

Valuables: Please list and estimate the value of any antique curio, jewellery, plate, precious object, works of art, medal, money, coin, stamp, collection of items, fur, piece of precision equipment or similar, or professional packed carton by the removal company whose value exceeds A\$1,000 in the table below. Attach a detailed inventory if you need more space.
